

Call for papers

Participants are invited to submit original scientific abstracts using the template enclosed to this document. Authors are requested to conform to the guidelines for submission of abstracts enclosed to this document. Minimum length is 200 words and the abstract must fit into 1 page. The abstracts must be submitted in English and uploaded on the conference website.

Abstracts will be double peer reviewed by the Review Panel. Based upon review the Programme Committee will select papers for oral presentation, presented poster, panel poster or rejection in case of low level quality, conformity or off-topic. Authors of the accepted abstracts will be requested to submit maximum 6 page full text papers conforming all rules and formatting of the IEEE template. Full text papers will be reviewed again by at least two reviewers; in case of substantial difference in results third reviewer will carry out the final review. After then final amendments and corrections can be made by authors before sending out the final version of their paper.

More detailed information for preparation of full-text papers will be published with the second information.

Deadlines for authors:

- Submission of abstracts: 30.11.2019
- Notification of acceptance: 31.01.2020
- Submission of full text papers: 31.03.2020
- Evaluation of papers: 30.04.2020
- Sending the final version of papers: 31.05.2020
- Closure of the programme: 20.06.2020
- Sending the presentations: 07.09.2020
